

INTRODUCTION TO IPV6 ADDRESSING

WITH NICK HILLIARD & JERRY SWEENEY

Nick Hilliard, CTO of INEX and Jerry Sweeney, CEO of CloudCIX, are giving a free Zoom Webinar on IPV6 Addressing.

The Webinar will focus on the business need for IPV6 and an explanation of the underlying technology.

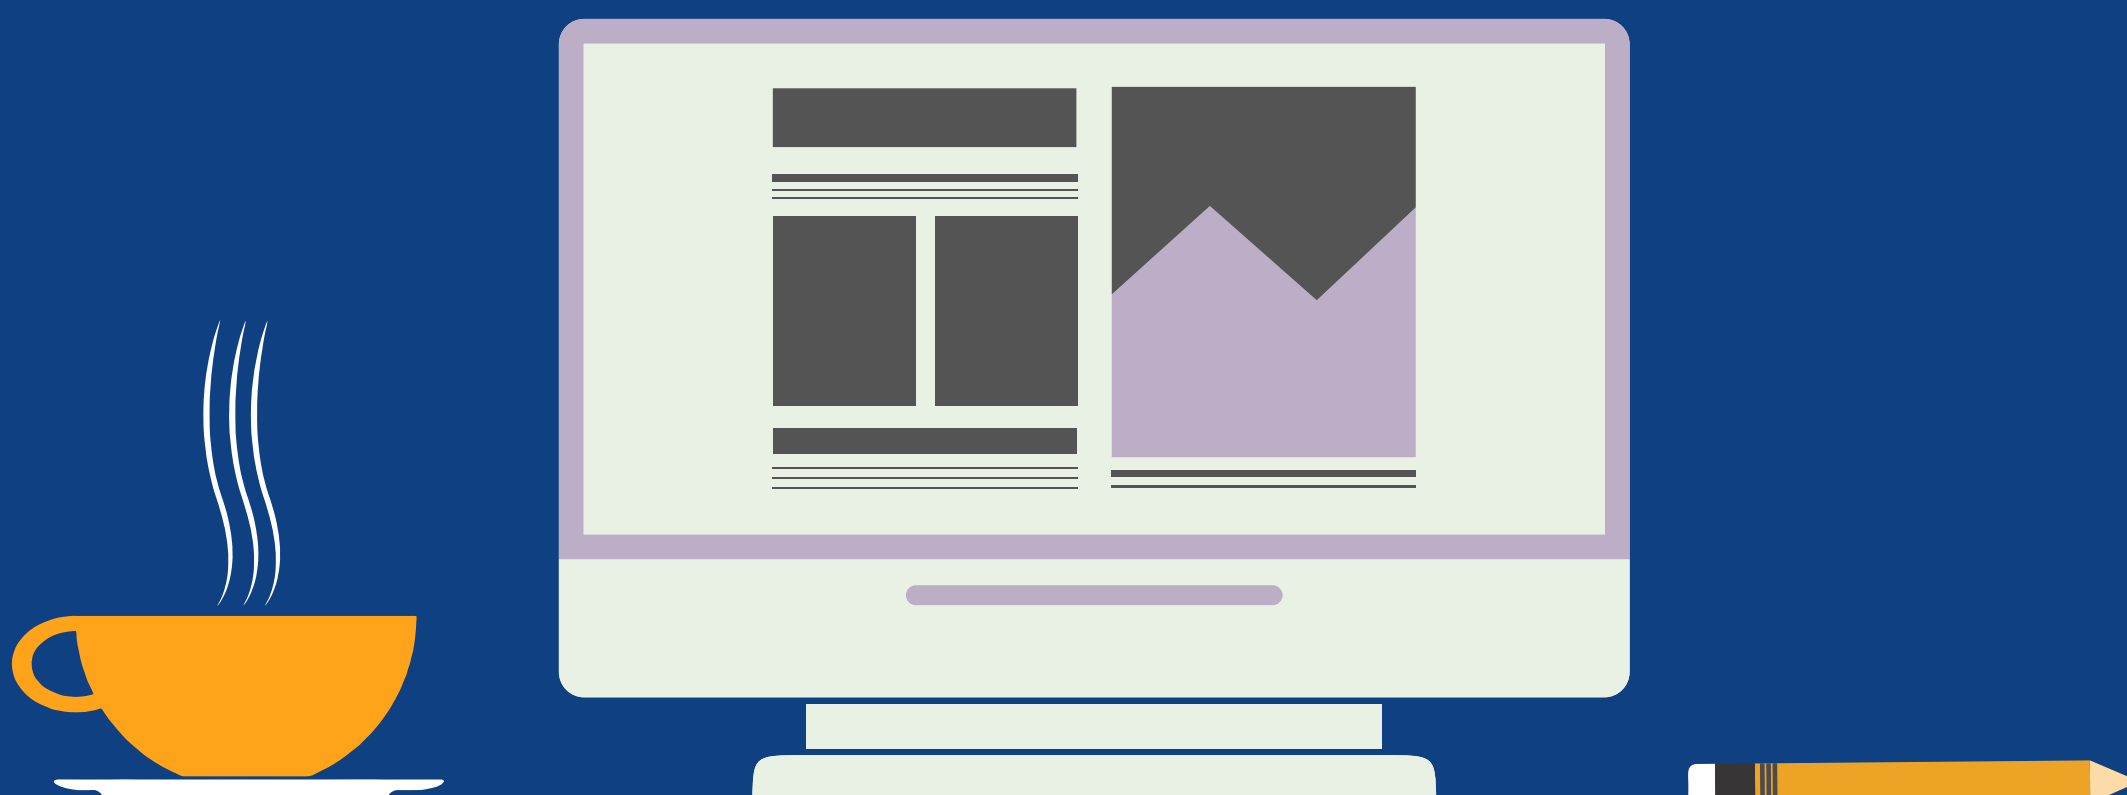

It will cover:

The need for and applications of IPV6
Decimal, binary and hexadecimal number systems
Subnetting
IPV6 Addressing

This session in the form of a tutorial will be perfect for IT professionals that are new to Networking, a refresher course for a Network Engineer. It will be ideal for anyone with responsibilities for migration to IPV6.

TUESDAY JUNE 30, 2020
